WELION runs a standardized modern manufacturing base with industry leading production equipment and strict quality control protocols. Combining fine craftsmanship with innovative design, we supply safe, elegant and durable metal railing solutions for global construction and engineering projects.

ABOUT WELION

Founded in 2007, Welion is a professional factory focusing on metal railings, stair handrails and Outdoor metal fences. With a 20000m² production workshop and mature production systems, we supply a complete series of stainless steel, aluminum, wrought iron and galvanized Iron railing & fence products. All products are corrosion-resistant, weather-proof, durable and low-maintenance, suitable for indoor and outdoor residential & commercial projects. We support OEM, ODM and custom design services. With nearly 20 years of export experience, Welion has become a reliable supplier for global customers seeking high-quality metal fencing and railing solutions.
